

Escrow Account Service

Delivering an Enhanced Customer Experience

Increasing interest rates
Increasing customer demands
Increasing competitive pressure

These are a few of the challenges that Banks are facing today. Cashfac understands that delivering an enhanced suite of cash management products to your customers is now essential.

6 months

Project delivered, from kick-off to live service

46,000

Accounts rationalized to 6 accounts at go live

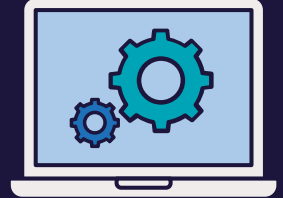

96%

Receipts automatically allocated

\$22 Billion

In deposits on the platform at a single customer

More than self-service with automation, integration, and controls

Innovation without impact to core banking

Drives growth without increased operational costs

Integrated payments and settlements

“ This new service allows our customers to increase their operational efficiencies by reducing onboarding times, reducing the time effort of reconciling account statements across multiple accounts, and increasing the potential for time and cost savings ”

- Webster Bank
